

FIRST ANNOUNCEMENT

**Recent Developments in Integrable Systems and their Transition to
Chaos**

*Symposium in Honor of
Francesco Calogero
on the Occasion of his **75th Birthday***

CENTRO INTERNACIONAL DE CIENCIAS
AND
INSTITUTO DE CIENCIAS FISICAS
UNIVERSIDAD NACIONAL AUTONOMA DE MEXICO

Cuernavaca, Mexico, November 29-30, 2010

We are organizing a symposium on the occasion of the 75th birthday of Francesco Calogero. The symposium is open for all interested scientist and students; registration is free but compulsory upon arrival.

Topics:

The subjects will include all lines that have roots in the work of Francesco Calogero. In his spirit we shall concentrate on new development and not dwell on "ancient history". Thus we shall see what comes up as new and exciting subjects from the participants.

If you wish to present a talk send a title and short abstract A.S.A.P. but not after the 15th of november to calogero2010@cicc.unam.mx. We will try to inform you if you contribution has been accepted within 5 day of receiving it. If you wish to present a poster, please advise us by 20th of november. Some poster space will be available for spontaneous presentation. The 30th of November in the evening the **birthday party** will be held at the cave.

For more information please refer to the web page, send us an email.
